

Hamilton/Burlington SPCA Spay/Neuter Community Assistance Program

Terms and Conditions

Please read this form carefully before submitting your application.

1. Subsidy Applications must be completed in full. Incomplete applications will not be reviewed. You will not be contacted if your application is incomplete.
2. The Hamilton/Burlington SPCA will keep all applications confidential, and will not share information with any other party.
3. The Hamilton/Burlington SPCA reserves the right to request proof of family income and expenses before approving any application. Failure to provide this information when requested will terminate the application process.
4. If your application is approved, the subsidy rate you are given is non-negotiable. All assessments are done on an individual basis, and any subsidy granted by the HBSPCA is to remain confidential.
5. Applications will be kept on file for a period of three months only. If we are unable to make contact within that time, your application will be null and void and you will be required to submit a new application.
6. If your application is declined, you will be notified by phone or email. If your application is declined you may apply again at a later date if your financial circumstances change.

If your application is approved:

1. All payments are to be made in advance. Once your payment has been received your surgery will be scheduled. Payment will not be accepted on the day of the surgery.
2. Payment can be made over the phone via credit card, or in person at the Hamilton/Burlington SPCA (245 Dartnall Road, Hamilton) Monday to Friday between the hours of 9am and 5pm. Please see administration for payment.
3. Acceptable forms of payment are cash, VISA, MasterCard, and American Express, debit or money order. Cheques will not be accepted.
4. Any cancellations must be made no later than 8:00am on the Monday before the scheduled surgery. Cancellations must be made by telephone only. Cancellations will not be accepted otherwise. You may reschedule only once. Fees are non-refundable.
5. In the case of inclement weather and the subsequent closing of the shelter, you will be contacted and notified via phone of the cancellation of surgeries. Your surgery will be re-scheduled for a later date. If you are unsure if surgeries have been cancelled, please phone the shelter at 905 574-7722
6. Your animal is not to consume any food after 6:00pm the night before surgery. If your animal vomits undigested food, indicating they have eaten after 6:00pm the previous evening, surgery will be cancelled and your fee will not be refunded.
7. You must arrive at the HBSPCA with your companion animal at 8:00am on the day of surgery. If you are late, you will not be accepted. The owner of the animal must be present to complete and sign surgical information forms. Dogs must be on a leash and cats must be in separate plastic cat carriers. All cat carriers must be secure.
8. If you fail to show up for surgery and have not followed the cancellation guidelines, the surgery will be cancelled, your fee will not be refunded and you will be moved to the end of the waitlist.
9. If your companion animal is deemed unfit for surgery by the veterinary staff at the HBSPCA (but not in breach of any of the conditions laid out in the eligible animal section), you will be notified to pick up your animal and your pre-paid fee will be returned to you by cheque within two weeks.
10. You must return to the HBSPCA to pick up your animal at 3:30pm the same day. Important information and post op instructions are given by the medical staff.

Please submit completed applications to the Hamilton/Burlington SPCA, 245 Dartnall Road, Hamilton, ON L8W 3V9 c/o Spay/Neuter Program, or to info@hbspca.com.

Hamilton/Burlington SPCA Spay/Neuter Community Assistance Program

Is my companion animal eligible?

To participate in the HBSPCA Spay/Neuter Community Assistance Program a companion animal must meet the criteria below.

Your animal must:

- Meet the ideal Purina Body Condition (see attached page)
- Be between 4 months and 5 years of age
- If you have a male dog or cat, both testicles must have dropped into the scrotal sac, meaning that your animal must have two testicles, not one. We will not neuter any dogs or cats unless they have two testicles.

Your pet must not:

- Be coughing or sneezing.
- Have any medical conditions or history of complications/medical conditions (please indicate on application form. Veterinary technicians will review medical conditions to determine if surgery is possible).
- If your animal is a female dog, she must not be pregnant or in heat. We will not accept dogs that are in heat due to increased risk of **blood loss. We recommend that clients wait for one month after their pet's last heat** for surgery.
- We will accept female cats in heat, although the risk for increased blood loss is still high. The reason for this is that cats go into heat more often than dogs. Lactating females will not be spayed. Kittens must be weaned for 2 weeks prior to surgery to ensure the female is dry. Kittens must be kept away from the female for 7-10 days after surgery as they can open the incision.
- Pregnant pets can be spayed, but the pregnancy will be terminated at the time of surgery.

If your animal does not meet all of the above criteria, they are not eligible for the HBSPCA Spay/Neuter Community Assistance program. These guidelines are in place for the safety and well-being of your animal. If it is found that your pet does not meet the above guidelines on the day of surgery, you will be called to pick up your animal and will not be issued a refund.
