

# MEET THE ANIMALS IN YOUR 2018 'RESCUED!' CALENDAR

Every animal we rescue, rehabilitate and re-home has a unique story about how they came into our care – whether they were abandoned, abused or neglected, all animals get a second chance at finding happiness with their forever family. Without support from our donors, sponsors and partners we can't continue this life changing work. Please donate today – give a voice to those who cannot speak for themselves.

This blond featherweight was rescued from life as a stray after getting into a nasty fight with some other street dogs, which resulted in the loss of her eye. “Winky” was so young when she came to the shelter she had to be fostered until all her medical care and recovery was complete. Like many dogs who need rehabilitation at the shelter, Winky’s recovery was helped by staff, volunteers and a dedicated foster hero – it takes a village! Aside from her eye surgery, there were a few other obstacles in Winky’s path en route to her forever home; living with a pack of wild dogs on the streets meant that she had very few social skills and wasn’t used to being around people or being indoors yet. With perseverance and dedication, Winky responded well to regular exercise (she’s HIGH ENERGY so she really

needed to run and jump and chase as often as possible) and obedience/crate training. Though at first she was a bit nervous and quick to growl if she was out of her comfort zone, she soon became used to the creature comforts of having a forever home and someone to care for her every day. Her adoptive family has embraced Winky’s playful jokes, love of all things chewable and slapstick comedy routines when playing fetch or posing for the camera. This little prize-fighter won the hearts of everyone she met and her forever family loves taking her for runs at the park and playing fetch wherever possible.
