

MEET THE ANIMALS IN YOUR 2018 'RESCUED!' CALENDAR

Every animal we rescue, rehabilitate and re-home has a unique story about how they came into our care – whether they were abandoned, abused or neglected, all animals get a second chance at finding happiness with their forever family. Without support from our donors, sponsors and partners we can't continue this life changing work. Please donate today – give a voice to those who cannot speak for themselves.

When Banks came to the shelter through Hamilton Animal Services, he was deemed a stray: homeless, unwanted, abandoned. He was already neutered but the info on his microchip was out of date – dead end. It seemed like no one was looking for him, no one was missing him and no one came to claim him. Unfortunately, this happens a lot more often than it should. Many dogs that come into the shelter have never had a stable home environment and there are usually behavioural challenges that go along with this. Banks was a high-energy, high prey-drive, three-year old dog who needed a patient family willing to help him with obedience training and plenty of exercise. It took almost two months for them to find each other, and during that time volunteer dog walkers and kennel staff all developed a vested interest in seeing

Banks go to the right home. On that special day, his forever family 'met their match' and Banks began his new life with the stability and attention he deserved. This Husky/Shepherd mix is now living the good life in a home where he knows he's wanted forever; he'll never know the sadness of abandonment ever again.
