HAMILTON/BURLINGTON SPCA SEEKS INFORMATION FROM PUBLIC TO LOCATE OWNER OF DECEASED DOG

Hamilton, ON [February 6, 2019] – The Hamilton/Burlington SPCA is urging members of the public to come forward with information about a deceased dog found in a bin on the ravine side of Collinson Road between Old Brock Road and Highway #5.

The body of the dog was discovered by passerbys on the evening of Monday February 4. The bin was a blue Sterilite 30 gallon container completely sealed with duct tape. The body was on a sleeping bag inside the bin alongside a rounded stainless steel bowl and a low plastic take out type container. The dog was a male intact brown and white pit bull type dog. There was no evidence of a collar, tag or microchip. The body was in a severe state of emaciation when it was found.

If you have any information that could assist in this investigation, please contact our Investigations Department at 905-574-7722 ext. 401, or email investigations@hbspca.com. “Our investigation at this time is to find out if this was an act of animal cruelty,” says Marion Emo, CEO, HBSPCA. “If you witnessed anything unusual in that area, or if you know someone who had a brown and white pit bull type dog that can no longer be accounted for, please come forward.”
