

## Hamilton/Burlington SPCA Call for Directors

The Hamilton/Burlington SPCA (HBSPCA) is currently seeking candidates to serve on its volunteer Board of Directors.

The HBSPCA is an animal welfare charity serving a mixed urban and rural community. Our mission is keeping pets and people together, helping pet parents be the pet families they want to be and leaving no animal at risk behind.

The HBSPCA is navigating these extraordinary times with care and diligence. At the same time, we are building future service to community, guided by the welfare of animals, the voice of community and partnerships for change.

HBSPCA Directors set the organization's strategic directions. The Board establishes appropriate governance and risk management strategies to ensure sustained long-term growth and viability. Directors are comfortable networking on behalf of the HBSPCA to increase support for service to community. Directors contribute generously of their time, talent, and treasure to the HBSPCA through committee work, participation in community events, and through personal giving.

The HBSPCA is accepting applications for the Board of Directors from individuals who have a strong background in finance and audit, knowledge about not for profit charities and fund development and with previous board and governance experience.

If you have the experience, skills, and enthusiasm to make Hamilton and area a humane community for animals and people alike, make an application to join the HBSPCA Board of Directors. You can find the application form on our web site at <https://hbspca.com/about-us/board-of-directors/> or you can send a request to [info@hbspca.com](mailto:info@hbspca.com) and an application will be sent to you.

## Our Vision

A community where all animals enjoy the five essential freedoms:

- freedom from hunger and thirst
- freedom from pain, injury and disease
- freedom from distress
- freedom from discomfort
- freedom to express behaviours that promote well-being.

## Our Mission

- Support access to services, which help sustain healthy, safe and wanted animals in our community.
- Protect animals from harm or potential harm.
- Deliver best practice animal care so they may live their natural life in good health.
- Lead the development a more humane community and more responsible pet ownership through programs, education, and collaboration.
